

September Embroidery Club
Embroidery Placement
Supply List
Tuesday Sept 7 1-3pm/5-7pm Speedway
Thursday Sept 9 1-3pm/5-7pm

This class is as much a lecture/demo as it is about embroidering. There is not a complete project for this class. I will be demonstrating a variety of placement tools and reviewing books on placement. There will be a portion of class in which we will embroider. I will provide sample fabrics and designs. The items that you will need to bring to class are as follows:

The books and templates that I will be reviewing are: Place Stitch Embroider: a Nancy Zieman book, Designs in Machine Embroidery The Perfect Placement Kit, Embroiderers Little Buddy and Embroiderers Buddy.

Wet and Stick with a grid stabilizer by Floriani *

A variety of rayon or polyester embroidery threads A prewound bobbin or a bobbin wound with bobbin thread *

All hoops. Especially important when working with garments is the 200x260 Hoop. If you do not already have this hoop you may consider purchasing it. *

Marking pen, 12 inch ruler, scissors, thread snips, pins. Microtex needle 80/12* . Embroidery machine, embroidery ft, power cord

You can bring garments that you may want to embroider at another time for tips on placement.

* Available at Catheys
