The World's Most Advanced Serger

This advanced 8-thread serger brings you the latest evolution in threading technology with ExtraordinAir threading. With just one push of a button, ExtraordinAir takes your thread through all three loopers at once, instantly, with a gust of air.

Plus, with the ability to produce a cover hem and an overlock stitch simultaneously, the Evolution is like having two sergers in one! Additionally, you'll have the luxury of Baby Lock's exclusive patented features that allow you to thread in any order, eliminate tensions, and take your creativity further than you've ever dreamed a serger could take it.

EXTRAORDINAIR™ THREADING

With just a gust of air, ExtraordinAir takes thread through all the loopers instantly. Threading has never been this fast, easy or extraordinary.

AUTOMATIC THREAD DELIVERY (ATD)

A balanced stitch is vital, especially for projects with multiple fabrics. ATD controls the tension of threads, even on the sheerest fabrics — no manual adjustment necessary.

2 TO 8 THREAD SERGING

Open up a world of new options with each stitch, from the tiniest rolled hem to an 8-thread Wave Stitch. The Evolution can create 87 stitch combinations.

CHAIN STITCH OPTIONS

Whether you need a single, twin or triple cover hem, the Evolution makes chain stitching and cover hemming a breeze.

TWO MACHINES IN ONE

Want to combine a cover hem and an overlock stitch? The ability to produce cover hems and overlock stitches simultaneously makes the Evolution truly revolutionary.

FULL-FEATURED DIFFERENTIAL FEED

Gather with a true 2:1 ratio on any fabric, even lightweight knits, and know that you will end with durable, consistent stitches every time.
