

MORE ZIA ON YOUR SEWING MACHINE **Supply List**

This class is normally scheduled on the 2nd Tues evening of the month. You may choose to draw tangle patterns and/or sew tangles using your sewing machine. We will explore new tangle patterns each month and revisit others. We sometimes will experiment with different drawing and sewing techniques .

Supply List for Sewing

- *1 spool Wonderfil Homedec 30wt thread or Sulky 30wt black thread
- *Microtex 80 or 90 needles
- ½ yd quality 100% white cotton fabric
- *Water soluble marking pen or other marking pen that will disappear from fabric
- *Regular open toe foot for your machine (Not a free motion foot)
- *Floriani No Show Mesh Fusible White Stabilizer (If you prefer, you can use a square each of Warm and Natural batting and muslin instead of the stabilizer)
- *Tearaway stabilizer scraps
- *Black prewound bobbins or black bobbin thread wound on a bobbin
- *Your sewing machine and its accessories

Supply List for Drawing

- *Pigma Micron Pen Set (3pc) (Contains sizes 01, 03, and 05 pens)
- Zentangle tiles or watercolor paper or Zentangle Spinner (Project Pack #4)

*Product available at Cathey's Sewing & Vacuum

Preparation for ZIA on Your Sewing Machine

- Tear or cut the cotton fabric into 12" squares. Press and block on a gridded padded surface to "square" the fabric. Prepare 1 or 2 squares.
- Press No Show Mesh Fusible White Stabilizer to the back of the 12" fabric square
- If you are using batting instead of stabilizer then make a quilt sandwich by layering the cotton fabric, batting, and muslin. Use KK2000 spray adhesive to stick the layers together
- Thread needle with 30 wt black thread and black bobbin thread in bobbin.
- Put new Microtex 80 needle in machine

If you have any questions, please contact me! I much prefer questions prior to class rather than having you or anyone else guess.

Instructor: Rose Skelly (520) 490-3417 (Texting is best)
